

CELLSCIENCE

Cell Power® nourishes in a powerful way by providing abundant nascent oxygen, hydrogen, nano-nutrients, and electrolytes to the human body exactly where they are needed most – at the deepest cellular level.

Metabolic Enzymes, Amino Acids, and Trace Minerals are the nano-nutrient particles that measure less than 0.007 microns in size. Cell Power® is rich in the natural energy frequencies resulting from fruits, vegetables, and sunshine. These frequencies nourish the cells of the body, overcoming many digestion and absorption problems.

The abundance of nascent (newly-formed) whole oxygen molecules are used to clean up toxins and cellular debris—reducing stress on the liver, skin, kidneys, and lungs.

The sunshine-rich, seven-month natural process used to create Cell Power® results in a unique high-energy compound that powers up the cells. As it boosts the body's ability to split water molecules more readily into nascent oxygen and hydrogen, the net benefit is more available oxygen and energy.

Released oxygen ions (-O₂) neutralize harmful free radicals (+O₂), converting them into vital oxygen (O₂). This nascent whole oxygen cleans cells, destroys invaders, and stimulates cellular respiration.

Released hydrogen builds and repairs tissue cells and strengthens the immune system.

"The doctors that I work with were just blown away by the powerful balancing effects of Cell Power®. Since I started taking it this winter, I was the only one in my family that did not get sick. In the past I was always the first one to catch stuff."

— **JON WILCOCK**
health practitioner / instructor

"I started taking Cell Power® about a week ago. I have soreness in my ankles, knees, back, and hands. I can already feel the difference in my joints. I also have chronic stomach discomfort, now my stomach doesn't hurt.

— **ESTELLA**
Indianapolis, IN

"I used to suffer from allergies and my eyes swelled up. Ever since I've been taking this product (about 2 years) I feel great. I don't get sick. I don't get the typical seasonal sniffles. Before I always had something, and now nothing! Cell Power® raised my pH from a 5.5, to 7.5."

— **GEORGE**
Reading, PA

CELL POWER'S OXYGENATION AND DETOXIFICATION CAN IMPROVE YOUR QUALITY OF LIFE

Boost Immune System Response

- Cell Power® helps the immune system be its very best so it can disrupt viruses, and dissolve infectious bacteria, fungi, mold, and parasites. It doesn't harm the beneficial flora and microorganisms needed by the body.

Normalize pH Levels

- An estimated 95% of the U.S. population is too acidic (less than pH 7.0) in the body's tissues and fluids. The goal is to be slightly alkaline (pH 7.25).
- Cell Power® is effective in any pH range in the body. It tends to correct the body's acid-base balance and help maintain pH in the ideal range.

Increase Cellular Respiration

- Pure oxygen is needed at the cellular level.
- Cell Power® enables the body to bring pure oxygen to the cellular level. This helps reduce the body's demand on the lungs, which speeds the healing of respiratory difficulties.
- Cell Power® helps the body remove lactic acid, which speeds athletic recovery and boosts performance.

Speed Healing Inside and Out

- Cell Power®, added to clean drinking water, is rapidly absorbed by the body through the mucous linings of the mouth, throat, and esophagus.
- Cell Power® is a natural food concentrate that can be applied to the skin in various dilutions to help invigorate and balance the skin cells.*
 - * Please consult a health professional.

Increase Bio-availability of Vitamins & Herbs, Reducing Hunger

- There is a natural and healthy hunger suppression that occurs when the brain senses the absorption of sufficient micro-nutrients (vitamins, minerals).
- All of the good nutrients from food and supplements must reach the cellular level to be effective. Power up your cells with this amazing liquid supplement!
- Cell Power® supports the body's natural healing processes. When your cells are able to get everything they need, the whole body benefits.

CELLPOWER®

In Harmony with Life and Nature

- no animal testing or derivatives • no artificial colors or flavors
- no soy or gluten • lactose free • compatible with all supplements

Dr. Otto Warburg, a Nobel Prize winner, stated that, "The primary cause of cancer is the replacement of normal oxygen respiration with anaerobic respiration." (A lack of cellular oxygen)
